1917

PREFACE.

Harrisburg, Pa., June 6, 1917.

In order to encourage correspondence and co-operation among the agricultural societies and fair associations of the State, this Department again gives, in this bulletin, as full a list as it has been able to secure of such societies and associations within the Commonwealth, together with the names and addresses of their officers, and the dates arranged for exhibitions during the coming fall.

It will be noticed that some of the societies given in the list do not hold exhibitions. They, however, appear in the bulletin in order that the list of associations organized for the advancement of agricultural education may be as complete as possible, and to give other associations opportunity to correspond with them. The societies, whether holding fairs or not, are fruitful sources of good to the agriculture of the Commonwealth, and are assured of the sympathy and, as far as possible, the co-operation of this Department.

CHARLES E. PATTON,
Secretary of Agriculture.

LETTER OF TRANSMITTAL.

Harrisburg, Pa., June 6, 1917.

Hon. Charles E. Patton, Secretary of Agriculture:

Dear Sir: This bulletin contains list of Local and County Agricultural and Horticultural Societies, with dates of Fairs to be held in Pennsylvania during the year 1917, as reported by secretaries representing the different organizations. The dates of certain fairs have been omitted on account of secretaries failing to report same.

The attendance at the sixty-seven associations or societies that held a fair or exhibition and reported to this Bureau for the year 1916 was 1,677,453. The amount paid in premiums for the year 1916 for agricultural purposes was \$108,186.56 and the amount for race track purposes \$118,425.56. The amount offered for the year 1917 for agricultural purposes as reported is \$187,293.60 and for race track purposes \$127,299.88.

It will be observed that the quarantine last fall against infantile paralysis caused the abandoning of some fairs and the curtailment of attendance at the others.

Very respectfully,

L. H. WIBLE,
Statistician.
